Input Device

Input Device

Universal stylus

The durable touch pen is made of stainless steel and brass. It comes completely without plastic parts, works even in rain and snow and offers a pleasant writing experience.

SKU: ACC-RT-STY2

Universal Active-stylus

With a diameter of only 1.5 mm, you can type, write and draw very precisely. Besides, you avoid annoying fingerprints on the display. The integrated battery supplies the stylus with power for many hours. Simply recharge it with a USB port - and your work can continue.

SKU: ACC-RT-STY4

KBD1 Waterproof industrial keyboard with touchpad

The KBD1 waterproof industrial hygiene keyboard is a high quality and reliable keyboard with notebook keypad and integrated touchpad.

SKU: ACC-GEN-KBD1BT-DE
